Description

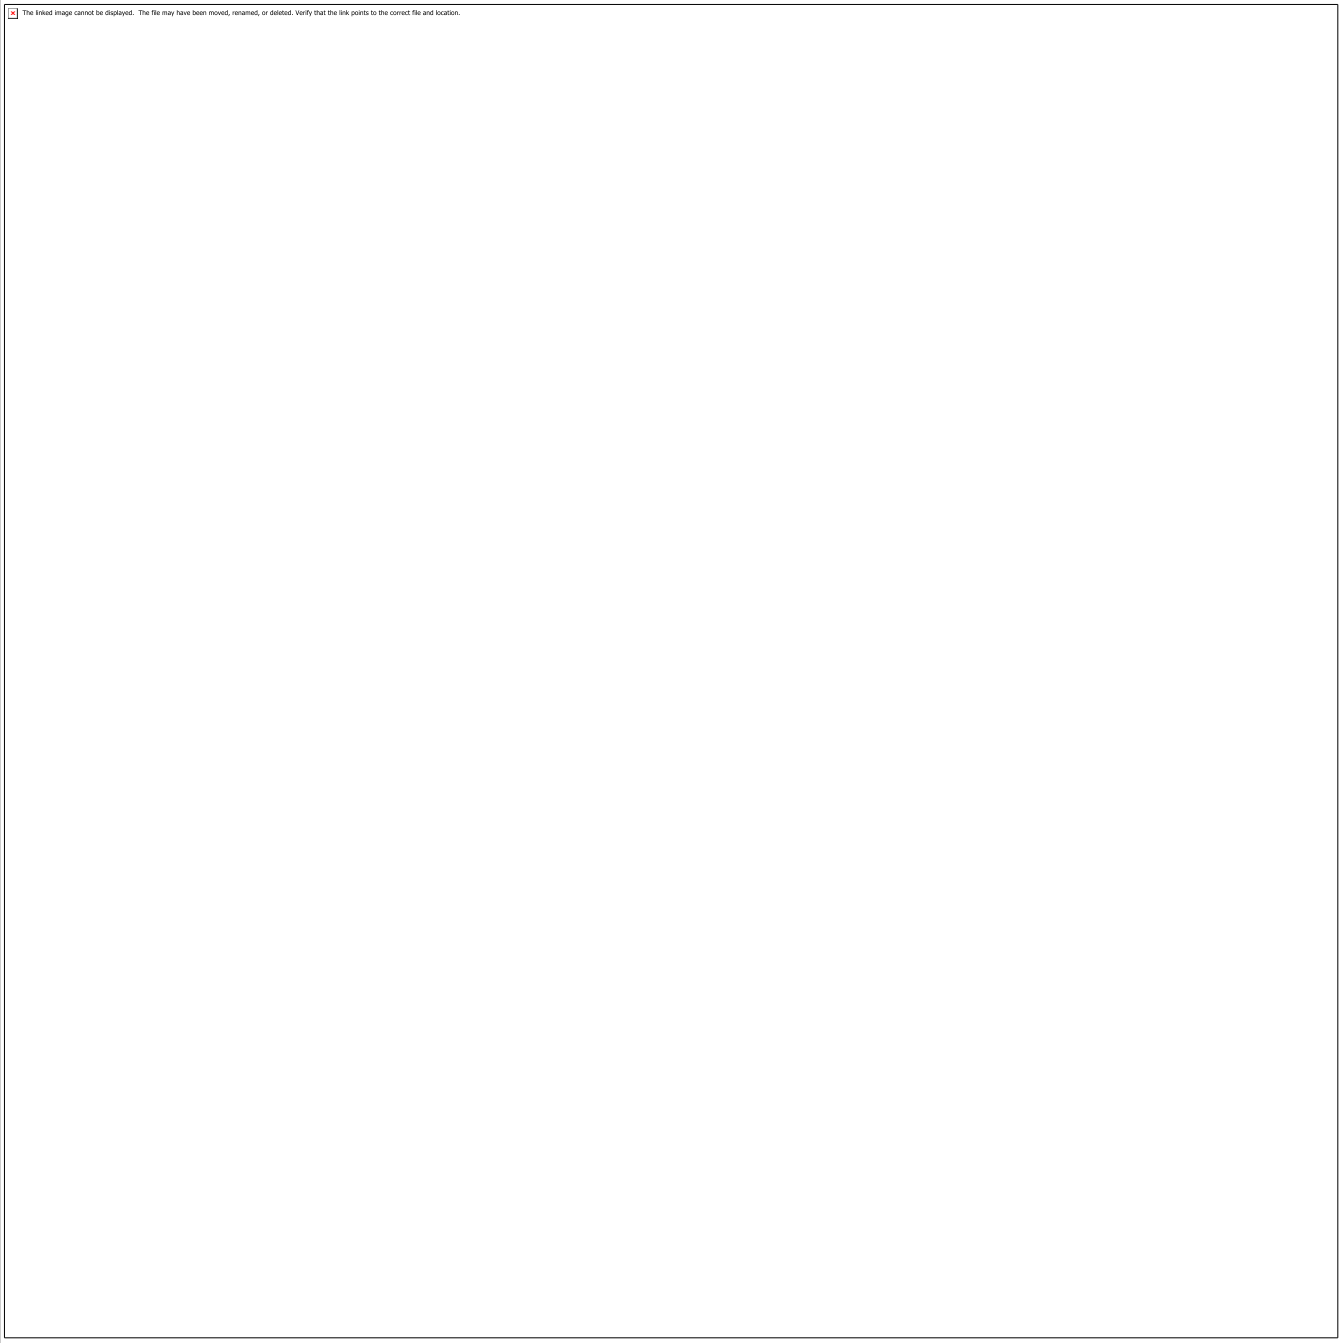

Description : When the user accesses the password reset page through the reset password link and submits a valid new password, the system displays an **"Auth session missing"** error message instead of successfully resetting the password.

Steps to Reproduce :
1. Click The Reset password Link.
2. Enter an Email
3. A Link will send your Email.
4. Click The Link.
5. Enter The Change Password and Confirm Password .
6. Click The Submit

*Expected Result : W*hen an user click the submit button the reset password will works successfully. The User should login with new Password .

Actual Result : There is an error “Auth Session Missing”
